

Marshall Field Was Right

Marshall Field founded his success as a retail dealer on twelve truths. One he called "The obligation of duty."

This store agrees with Field. We realize our obligation to the man who trusts to our judgment for the value he can't see.

It is that deeper value which we offer you in Clothcraft Clothes for men and young men—that long-wearing fabric and thorough-going workmanship, built in piece by piece and step by step.

The makers of Clothcraft also believe in the obligation of duty. For seventy years they have labored to improve medium-priced clothes by putting into added value the savings due to better methods of manufacture.

Clothcraft sales justify our conviction that the dealer's success goes hand in hand with the buyer's satisfaction.

We are pleased to inform the public that we have learned the whereabouts and have located our old friend Wm. Hicks. We learned from good authority that he was in Mt. Vernon Monday and Tuesday advertising a patent medicine. It is claimed that he had four bottles, two in each hand, standing near the court house with the life giving fluid, the name of which is the Grand Epileptic Asiatic Pancreatic Nervous Cordial, good for all diseases incidental to humanity. We take it for granted that Mart has left the matrimonial field and will pose in the future as a Doctor.

Well, we know for a certainty that summer is drawing near, for we have noted the never failing signs: the river bank is lined with fishermen twelve hours out of the day and some of the women are searching the hillsides for staggerweed (greens); the whippoorwill has put in his appearance, and we feel sure the icy hand of winter has been withdrawn.

Marshal W. N. Riggs attended court at Mt. Vernon Monday and Tuesday. Mrs. B. J. Bethurum of Somerset, visited Mrs. G. S. Griffin Saturday. She was returning from Paris to Mt. Vernon. Harvey Owens, of Spiro, was here Sunday between trains. Mr. and Mrs. Jerry Sams, of Hazel Patch, visited Mr. and Mrs. W. A. Warren Sunday. Little John Thomas Mullins is spending the week with his grandparents, Mr. and Mrs. T. B. Lahr, near Mt. Vernon. Miss Bessie Hamlin, of Mt. Vernon, has returned home after a weeks visit with her sister, Mrs. Marshbanks, at this place. Ed Cottongim, who has a position as fireman at Covington, was with homefolks Sunday. Mrs. George Hellard, of Pittsburg has been visiting relatives here for a few days. Johnnie Bullock has moved into the L. H. Davis property on Walnut street. J. P. E. Drummond has put in a stock of goods in the Calloway property. Clifford Catlin, of Lebanon Junction, visited his brother, I. W. Catlin, Sunday. The Baptist and Christian Sunday schools en-

tertained the children Sunday with an egg hunt, and it was amusing to see how much they enjoyed it, even the little tots taking an active part in the game and enjoyable evening was spent.

Well, they are talking of with drawing our troops from Mexico, and some think we will get a fight with Germany, and some say we are not prepared. We have been down in Mexico with an army and have not caught Villa yet. So if we bring our soldiers home, we think we had better be quiet, as fighting is hard on old clothes.

—C. A. Blanton, L. & N agent at this place, was at Mt. Vernon Monday and Tuesday and informed us on his arrival back home, that Mt. Vernon was coming to the front. He said the grade for the new pike looked o. k., and buildings were going up in several places most of them being brick, and that the town was on a boom. He also spoke of meeting friends and how friendly and courteous the citizens were, taking a pleasure in showing him the city. Well, this speaks well for Mt. Vernon, but just wait until we get the pike down here and gosh, we will be going some too.

Miss Lillie Farley, of Pineville, is visiting her sister, Mrs. J. R. Mink. W. E. Gray has moved into the Walton property on Main street. Fred Baker, of Mt. Vernon, was here between trains Sunday. Joseph Childress, of Lebanon Junction, was here between trains Sunday. Mrs. J. H. Browning, of Maywood, is teaching a class in music here. El Hansel was in Louisville Saturday. We guess he went to engage some of his winter cabbage. El claims that he has a winter proof cabbage that will grow the year round. G. W. Martin, W. B. Kidwell, of Lebanon Junction, W. B. Rice, C. J. Rice and Will Gray, of our city, left a few days ago for a fishing trip up the river. Misses Tempest Ward and Miranda Tate, of Brodhead, visited Mrs. B. H. Griffin from Saturday until Monday, and we think from what we can learn that a certain clerk here will visit Brodhead soon. Miss Ethel Hayse is visiting relatives in Paris and Cincinnati. Miss Myrtle Bryant and Mrs. Mattie Mullins, of Mt. Ver-

non, visited Mrs. John Mullins Saturday and Sunday. Mrs. Thomas Farley has been in the Norton Infirmary at Louisville, for the past week having a surgical operation performed. Her daughter, Mrs. J. L. Hughes, who has been with her mother there returned Tuesday and reports that she passed through the operation fine and is doing nicely. Mrs. Larkin Pennington went to London Saturday to have a surgical operation performed. A message received from London reports her getting along fine. Mrs. Pennington has been in bad health for quite a while, and it is to be hoped she may regain her health. Walter Rice, the engineer on the Rockcastle rail road, was with homefolks Sunday. Messrs. C. A. Blanton, J. H. Browning, J. B. Jones, W. H. Mahaffey and N. H. Oliver attended court at Mt. Vernon Monday and Tuesday. The measles epidemic in this locality is over. There are no new cases and all those that had it are well. G. S. Griffin was in Mt. Vernon Monday and Tuesday. Mrs. Rambo, of Maywood, is visiting her son, D. B. Rambo, at this place. Mrs. Martha Woodall, of Pittsburg, is visiting relatives here.

Official Inspection Tour of "Boone Way" Next Fall is Planned

Proposed Trip From Bristol to Lexington is Under Direction of Henry Roberts.

Plans are being perfected for pushing road construction work throughout Southwest Virginia and East Tennessee this summer and fall, as well as all over the Southern Appalachian territory, and glowing reports are anticipated at the annual convention of the Southern Appalachian Good Roads Association to be held at Lexington, Ky., September 5, 6, 7 and 8th.

One purpose of holding the convention at Lexington this year is to boost the Boone Way, and plans are being made for an official inspection tour of the high way in connection with the Lexington convention, if the unfinished gaps are sufficiently improved to permit motor travel.

The plans for the inspection tour are being directed by Henry Roberts, chairman of the Association's committee on construction progress, and A. Gray Gilmer, of Bristol, and the only thing that will prevent them from leading a party through Cumberland Gap over Daniel Boone's old trail next fall will be the delay of the Kentucky counties in opening their sections of Boone Way.

Dr. Joseph Hildé Pratt, president of the Southern Appalachian Good Roads Association, is enthusiastic about the inspection tour, and will head a party of distinguished North Carolinians who will motor from Boone's old home in North Carolina and join the Bristol party for Lexington, if the Kentucky end of the road is open.

The North Carolina section of the road is open via Blowing rock, Linville and Elk park to the Tennessee Line, and the pike commission of Carter county, Tennessee, is rushing the work on the unfinished section in Tennessee.

The Virginia section of the road will be open by fall. The greater part of it has been graded, and Lee county has macadamized 33 miles and will macadamize about seven miles additional this year, and some macadam will be laid in Scott and Washington counties. Under the leadership of Mr. R. C. Duff, who is much interested in Boone Way, \$8,000 was raised last year with which to grade the old Boone Trail across Powell Mountain from Duffield to the head of Wallen's creek, and the work will be completed early this summer. This will open the high way for motor travel from Bristol to Cumberland Gap. Herald-Courier, Bristol, Va.-Tenn.

MALACHI HOPKINS lost his residence and most all the contents by fire Thursday of last week. No insurance. Tilman Gilpin, of St. Louis, Mo., was here during the week on account of the serious illness of his father, John Gilpin. We are glad to report that Mr. Gilpin is better. The man who attempted to rob the store of J. T. Lawrence last week, and who was in jail here to await his examining trial set for last Friday morning, was set free the night before by three or four men, the identity of whom can be proven it is learned beyond all doubt. We are not informed whether an effort will be made to locate the man who escaped, or those guilty of helping him to escape, but we feel that the whole affair has been treated too lightly. In the first place the officers should not have allowed a man charged with a crime of this character placed in a lock-up of the kind we have here, and after this was done the marshal should have kept the place well guarded for he was warned that his prisoner would be taken out. We never could see why a man would be marshal of a little town

like this at the salary, but we feel that if he accepts the place he should be a marshal in all the word implies—do his full duty whether he gets paid for it or not, and by the way that is the way to get paid for what he does. When the people sees that a man will do his full duty and not always be on the side of crime, then they will see to it that he gets sufficient money to pay him for his trouble. We feel that it is much more honor to see the guilty punished, and use our influence to bring about this end, than to have the name of holding seventeen examining trials and losing the man being tried.

—Mrs. James Brannaman, of Wilkie, was the guest of Mr. and Mrs. John Crawford last week. B. C. Anderson, and little grand-son, Master Lee Robins, of Garrard county, were here Thursday and Friday of last week, the guests of Mr. and Mrs. W. H. Anderson. Drs. Jones and Phillips, of Crab Orchard, were here last Friday having dental work done. W. H. Brown, the hustling stock buyer of Lancaster, was in town last week. J. W. Tate has placed an order for an automobile, and will go to Louisville next week to drive it home. J. L. Pilkenton was in Mt. Vernon last Saturday between trains. J. W. Kincer, of Ashland, Ky., was with relatives here for a few days last week. Misses Jo and Christine Davis, of Mt. Vernon, were the guests of Mrs. Walter Robins, last week. Born to the wife of William Francisco, last Sunday, an eight-pound girl baby. Campbell Gibbons, living near Quail, has three sows from which he has sold \$310.00 worth of shoats in the past ten months. How is that Livingston? —O. C. Wilmott, of Knoxville, Tenn., and R. G. Wilmott, of Lexington, Ky., were here on business the first of the week. Miss Lena McCall, of Mareburg, is with her sister, Mrs. B. R. Wilmott, this week. Mr. and Mrs. A. M. Hiatt were with his father, Mr. Allen Hiatt, and family, at Quail, Sunday. The Rev. A. J. Pike held regular services at the Baptist church, Sunday morning and evening. Miss Cecelia Walton, of Mt. Vernon, was visiting Miss Mae Cummins several days during the week. Billy George Holdman was here from Crab Orchard, Sunday. Miss Elizabeth Gentry was with home folks, Saturday. R. L. Collier, of Crab Orchard, was here Monday looking after the telephone pole business. Postmaster Granville Owens was in Bardstown from Friday until Monday the guest of Prof. and Mrs. Byron Owens. W. A. Carson received a message Sunday afternoon that his brother, Gus Carson, was dead at his home in New Mexico. We failed to see Mr. Carson to learn the particulars of the death, but are informed that his brother died suddenly Sunday morning. We extend to Mr. Carson our sympathy. Mr. and Mrs. J. Thos. Cherry and Mr. and Mrs. Frazier Hurt, of Crab Orchard, were here a few hours Monday afternoon. Mr. Cherry closed a deal with F. T. Lawrence for a house and lot on Silver street for \$700.00, and Mr. Hurt was talking Crab Orchard flour to the merchants. Dr. and Mrs. W. F. Carter were in Louisville, Wednesday, to consult a specialist about the condition of Mrs. Carter, who is in very poor health. Judge Cantrill, the Tennessee nursery man, is in town this week. Cashier A. M. Hiatt was in Louisville, Wednesday, on business. E. J. Ford, the Danville piano man, was in town during the week.

The first stroke of the brush will prove the superior covering (hiding) power of Kurfess Pure Lead and Zinc Paint. You will immediately appreciate the difference in spreading a paint composed of:

80% Lead and 20% Zinc

and the paint you have heretofore been using.

In no other paint will you find 80% Lead; nor will you find a paint of such heavy body.

Ordinary paints do not cover like Kurfess paint, for the simple reason that they do not contain sufficient Lead to make them cover. You know a paint must contain Lead and lots of it, if you expect it to cover and wear well.

If you get Kurfess 80% Lead and 20% Zinc Paint, you don't need to buy as many gallons for the job as you would of ordinary paint, nor will you need to repaint the job so soon.

Kurfess Outside White is the whitest white; makes the whitest houses; and the colors are all good and permanent. Let us figure on your job.

THE Lancaster Record man is not as foolish as he looks when he sends forth this wail. We are in the same box, so don't start a rough house by calling us an adulated almsyhammer, when we request you to remit, which we hereby and hereupon right now do. Everything that goes into the making of a newspaper has doubled in price in the last few months. And yet the poor, doodle witted newspaper man goes on charging the same old price for his paper. It has been said that a kind Providence watches over imbeciles, but for fear the saying won't hold good in our case, suppose you consult the printed label on the margin of this paper; find out how much you owe us and send it in by return mail.

PRESIDENT WILSON's last note to Germany advises that government that her manner of conducting submarine war must be changed at once or diplomatic relations will be severed. Germany has not replied to the note but is expected to within next few days. Should that country refuse the discontinuance of torpedoing passenger ships without warning and any Americans are killed it may bring on war between these two nations. In the meantime Uncle Sam is examining his powder horn, cap box and bullet pouch, and is greasing up his old musket.

CHRIST when on earth was unable to please all men and it is not expected that mere men can do greater things. President Wilson is being misrepresented by some who claim to be patriotic citizens but they are simply a partizan lot who are "out" of the leadership and want to get "in" for sake of pie for themselves and friends and they don't seem to care anything for the interests of the country.

BRYAN failed to receive enough votes in the Nebraska primary election to nominate him a delegate to the National Democratic Convention to be held June 14th, at St. Louis. Rather than on a man to be able to name a presidential candidate in 1912 and fail to gain admittance to convention hall in 1916. He is accused of talking himself to death. Some think he is yet alive; Bryan claims he is not a corpse.

JUDGE J. E. WILLIAMS, of McCreary county, was acquitted of the Kentucky Senate yesterday of charges brought by the House, the impeachment charges failing on the second article by one vote, the count being 23 for impeachment and 12 against it. Seven articles were dismissed almost unanimously and the vote on the others varied.

Indications are that Teddy will make a noise like a candidate in the Republican National Convention at Chicago, June 7th, and the man who carries off the nomination will certainly show that the mouse man's hat was in the ring. It looks as though Teddy may carry that nomination off in his hat.

No Doctor likes to be addressed as "doc," it sounds too familiar and cheap; so if you wish to stand in the good graces of the professional man you had best pronounce the title in full or he may use plain second grade flour the next time you ask him to make pills for your ailments. Dear Mr. Baker:—

We want to assure you that we sincerely appreciate the cordial co-operation which you rendered us and which assisted us largely in making Knoxville First Trade Trip into your territory a pronounced success.

Won't you please convey to our citizens our appreciation of the splendid reception accorded our party upon the occasion of their visit to Mt. Vernon? Our visit to your city will always remain fresh in the minds of each Trade Tripper as one of the bright spots in what proved to be a brilliant trip from beginning to end. And we want your citizens to know that we do appreciate the cordial and hospitable treatment accorded us.

The banners across your thoroughfare, the posters in your merchants' windows and the school children singing a welcome was impressive, inspiring and appreciated.

HUSBAND RESCUED DESPAIRING WIFE

After Four Years of Discouraging Conditions, Mrs. Bullock Gave Up in Despair. Husband Came to Rescue.

Catron, Ky.—In an interesting letter from this place, Mrs. Bettie Bullock writes as follows: "I suffered for four years, with womanly troubles, and during this time, I could only sit up for a little while, and could not walk anywhere at all. At times, I would have severe pains in my left side.

The doctor was called in, and his treatment relieved me for a while, but I was soon confined to my bed again. After that, nothing seemed to do me any good.

I had gotten so weak I could not stand, and I gave up in despair.

At last, my husband got me a bottle of Cardui, the woman's tonic, and I commenced taking it. From the very first dose, I could tell it was helping me. I can now walk two miles without its tiring me, and am doing all my work."

If you are all run down from womanly troubles, don't give up in despair. Try Cardui, the woman's tonic. It has helped more than a million women, in its 50 years of continuous success, and should surely help you, too. Your druggist has sold Cardui for years. He knows what it will do. Ask him. He will recommend it. Begin taking Cardui today.

Booster Day in Mt. Vernon last Saturday was a success. There were more people here that day than any other for many months. The next Booster days are the first Saturdays after the 20th of May, June and July.

We recently heard a remark by, Kentucky farmer which seemed worth entering for the ungrammatical sentence prize. To a visitor he observed: "Them three Miss Perkins is three of as pretty a gal as ever I see."—Boston Transcript.

Complicated machinery is always troublesome; especially is this true in regard to automobiles. The Ford is the simplest car made. All that is necessary for strength, power, speed, comfort, smooth running and easy driving is found in the Ford; all that is not necessary is left out.

The Ford Motor Company states that a few years ago when they were only making a few thousand cars a year the cost of producing a car was about three times the cost of producing one now (the quality of course remaining the same). The Ford Motor Co. makes more cars than all the other concerns combined. This is one reason why Fords are cheaper.

THE SPY.

A Revolutionary War Play, in Four Acts, at the Graded School Friday Evening April 28, at 8:00 o'clock. The leading characters: Dessie Nicely, Robert Davis, McKinley Perciful, Aubrey Martin. Come and see "Uncle Peter," the colored face man. His lips stick up and his nose sticks down, and the old black scrapper looks like a hound. Come everybody. Admission: Adults 25c. Children 15c. Reserved Seats 35c.

While the drawing of the Booster contest was taking place in the court house yard Saturday afternoon, a table on which a number of men and boys were standing, gave down. Dr. A. G. Lovell, who was standing near was caught in the crash and the large bone of the left leg just above the ankle was broken. Drs. Pennington and Owens took the Doctor to London Monday and had an X-Ray examination made and on Wednesday set the broken bone. The Doctor is doing very nicely and his many friends who deeply regret the unfortunate occurrence, sincerely hope for his continued and speedy recovery.

Mrs. Mary Williams celebrated her seventy third birthday Wednesday, and at no time in many years has Mrs. Williams felt or looked better or balanced the scales at a higher mark than on her seventy third anniversary. Her son, M. C. Williams, came over from Somerset to spend the day with her, and Judge Williams intended to come from Covington but was detained by business. Mrs. Williams in honor of the occasion had as her guests at the Rockcastle, Attorney and Mrs. C. C. Williams, Mr. and Mrs. John L. Whitehead, Mr. M. C. Williams and Mrs. Cleo Brown. Those who saw Mrs. Williams during her illness a little over a year ago, would not expect to see her looking and feeling so good and we join with her many friends in wishing for her many years of such good health as she is now enjoying.

After years of hard and continuing work a man reaches the point where he can afford to own an automobile, only to find that in reaching it his health has been so impaired that his doctor insists he must walk.

Which Do You Prefer?

It is important for reasons of health and practical economy for every housekeeper to ask herself this question:

"Do I prefer a pure baking powder like Royal, made of cream of tartar derived from grapes, or am I willing to use a baking powder made of alum or phosphate, both derived from mineral sources?"

The names of the ingredients printed on the label show whether the kind you are now using or any brand, new or old, that may be offered is a genuine cream of tartar powder, or merely a phosphate or alum compound.

Royal Baking Powder contains no alum nor phosphate.

New Recipe for Tuna Fish Salad.

1 Envelope Knox Sparkling Gelatine,
1 Cup Cold water,
1 Cup Tuna Fish,
1 Cup Chopped Celery,
1 Cup Green Chopped Pepper,
3 Teaspoons Chopped Olives,
1 Cup Boiled Salad,
1 Teaspoon Paprika,
1 Teaspoon Salt,
2 Teaspoons Vinegar,
Few grains Cayenne Pepper.
This recipe can be filled at U. G. Baker & Son's Fancy Grocery Store. Every good cook should try this.

WHY CONSTIPATION INJURES

The bowels are the natural sewerage system of the body. When they become obstructed by constipation a part of the poisonous matter which they should carry off is absorbed into the system making you feel dull and stupid, and interfering with the digestion and assimilation of food. This condition is quickly relieved by Chamberlain's Tablets. Obtainable everywhere.

We want to compliment the jurymen of the present court for the way in which they have been sticking it to the boot-leggers. Read the list of convictions under "Court Items." Never before has there been as much boot-legging in Mt. Vernon and all over the county as at present. The officers can not do it all, yet they must do their part, but there is a certain part the people must do, to keep down so much law breaking. The time is ripe for the Civic League indignation meetings or whatever it takes to put a stop to some of the whisky selling in Mt. Vernon. It is a shame and a disgrace to see what goes on and some of it is done by people who insist that the general public should recognize them as upright law abiding people. Mr. Law Abiding Citizen, it is up to you to do your part, say what you say in the open, and don't confine yourself to confidential talks with some friend on matters of such importance.

"Clean Up and Paint Up"

All Together for a Better Hometown

Everybody Get Behind the Broom

"Clean Up and Paint Up."

By WALLACE GOLDSMITH.

"Clean Up and Paint Up"

In a tenement district lived a family surrounded by filth and dirt. The whole atmosphere of the little room which they called "home" was one of hopeless depression and squalor. To prove the power of suggestion, a good woman placed on the table a miniature statue of the Venus of Milo. Against this grimy background of dirt and wretchedness, the Venus shone out in all her whiteness and purity, elevating and brightening her strange surroundings. The good woman called a week later and found that the place had been cleaned up, the dirt had been washed away and a pathetic but sincere attempt at decoration had been made—the subtle influence was effective. If the homes in a neighborhood become weather-beaten and shabby, values in the whole neighborhood deteriorate. But if some house-owner paints and brightens up his home, it radiates its attractiveness in every direction and soon the whole neighborhood is made bright and attractive.

STAR BRAND SHOES

Seventeen years ago "STAR BRAND" SHOES were first put on the market. They were a success from the very beginning and no line of shoes has ever had as constant and large a sale as "STAR BRAND."

To give the consumer the biggest and best value for the price has been the aim of the makers of "STAR BRAND" SHOES. To do this a high standard of manufacture was adopted and has never been lowered—namely, all leather, good stock and expert workmen.

"STAR BRAND" SHOES are made by the largest manufacturers in the world in twenty-three specialty factories. Large volume, close buying and specialized labor have made "STAR BRAND" value and price possible.

"STAR BRAND" SHOES cover all lines. High-grade dressy shoes, business and work shoes for men, some of the leading brands being "R. J. & R.", "Patent", "Pilgrim", "Pique", "Stronger-than-the-Law", "Soft and Good". For women there are "Society", "beautifol, stylish and refined", "Mayflower", "Sensation", "Greatest" and "Star Vamp". For boys and girls the famous "Toss and Tied."

"STAR BRAND" SHOES are the world's biggest sellers today—because they never fail to make good the motto of their makers—"STAR BRAND SHOES ARE BETTER."
